

# Do you pay for flood insurance? Is your property in or near a flood zone?

The San Francisquito Creek Joint Powers Authority and its member agencies invite you to join us for a webinar presentation on the new **FEMA Risk Rating 2.0.**

The Federal Emergency Management Agency (FEMA) is updating the National Flood Insurance Program’s (NFIP) risk rating methodology. New risk ratings based on industry best practices will be used to update flood insurance rates. The new flood insurance rates will better reflect real risks and will be easier to understand. New policies beginning October 1, 2021 and policies renewing on or after April 1, 2022 will be subject to the new rating methodology.

**Attend to learn more about how Risk Rating 2.0 may affect your flood insurance rates.**

**Tuesday, August 24, 2021, 10-11 A.M.**

*Speakers*

**Tony Hake**

Director for the transformation of the National Flood Insurance Program (NFIP)

**Andy Neal**

Chief Actuary of the NFIP and Branch Chief of FEMA’s Federal Insurance and Mitigation Administration’s Actuarial and Catastrophic Modeling branch.
